JBIS

JOURNAL OF THE BRITISH INTERPLANETARY SOCIETY

VOLUME 29 1976

General Editor: **PROF. G. V. GROVES**

Editor: Interstellar Studies **DR. A. R. MARTIN**

Computers in Space Technology **R. HATHAWAY**

Space Communications **DR. N. SIMMONS**

Space Technology **DR. R. C. PARKINSON**

Published for THE BRITISH INTERPLANETARY SOCIETY, LTD., (No. 402498) by SPACE EDUCATIONAL AIDS, LTD., (No. 741211). Registered Office: 12 Bessborough Gardens, London, SW1V 2JJ, England.
Printed by Unwin Brothers Ltd., at The Gresham Press, Old Woking, Surrey, England.

SUBJECT INDEX

ARIEL 5, control and data handling system 409
Aeronautical satellites 32
ANS
  on-board software 255
  operational experience 417
ARIANE on-board computer 402
Astrodynamics, with HP-65 calculator 185
Astronomical notebook 518, 818
Australia, communications satellite experiments 325

Business, and satellite communications 57

Communication satellites
  broadcasting band 569
  business, politics, and 57
  economics 354
  European programme 335
  growth in INTELSAT system 3
  maritime 317
  North Sea oil rigs and 549
  RCA SATCOM 556
  SKYNET system 19
  station-keeping 40
  telecommunications *via* 325
Computers, on-board
  ANS 417
  fault-tolerant 219
  guidance law for 402
  MARINER 10, utilisation 273
  modularised 387
  software 255
  SPACELAB 429
  three-axis control with 593
COSMOS programme 307
Cyanogenic compounds, and origin of life 482

DAEDALUS 76, 94, 101
Data handling systems for spacecraft 363, 409
Data management, for Shuttle/Spacelab 246

European space applications 539
Extraterrestrial
  civilisations, evolution of 445
  life, contact with 465

Fission engine model 113
Fission-engined multistage spaceship 641

INTELSAT system, growth 3
Interstellar
  ark 775
  communications, supernovae in 469
  exploration programme 611
  ion scoop 489
  ramjet 795
  rocket, ram-augmented 786

Life
  definition of 633
  origin of, and cyanogenic compounds 482

MARISAT 291
MAROTS 317
MIRANDA, real time control 174

NASA, future programme planning 146
Navigation satellites
in COSMOS programme 307
MARISAT 291

Orbital Test Satellite 335
Outlook for space 813

Planets, extrasolar, optical detection 471
Politics, and satellite communications 57

Ram-augmented interstellar rocket 136
Ramjet, interstellar, relativistic dynamics 795
RCA SATCOM I 556
Relativistic dynamics, of interstellar ramjet 795
Rocket engines, combination of chemical and electrical 195
